

Year 10 VicRoads RoadSmart Program

TUESDAY 15 SEPTEMBER

On Tuesday 15 September, our Year 10 students will be participating in the VicRoads RoadSmart Program. The sessions will be facilitated by staff from VicRoads and organised by your child's Virtues or Virtues iGen teacher.

This program will be delivered online and provide a meaningful opportunity for students to improve their understanding and awareness of a range of road safety matters. These sessions are engaging and allow students access to evidence-based road safety education and positive discussion regarding safe behaviours. In addition to this, all participants can have access to a free learner driving session outside of school hours.

Date: Tuesday 15 September

Venue: Online

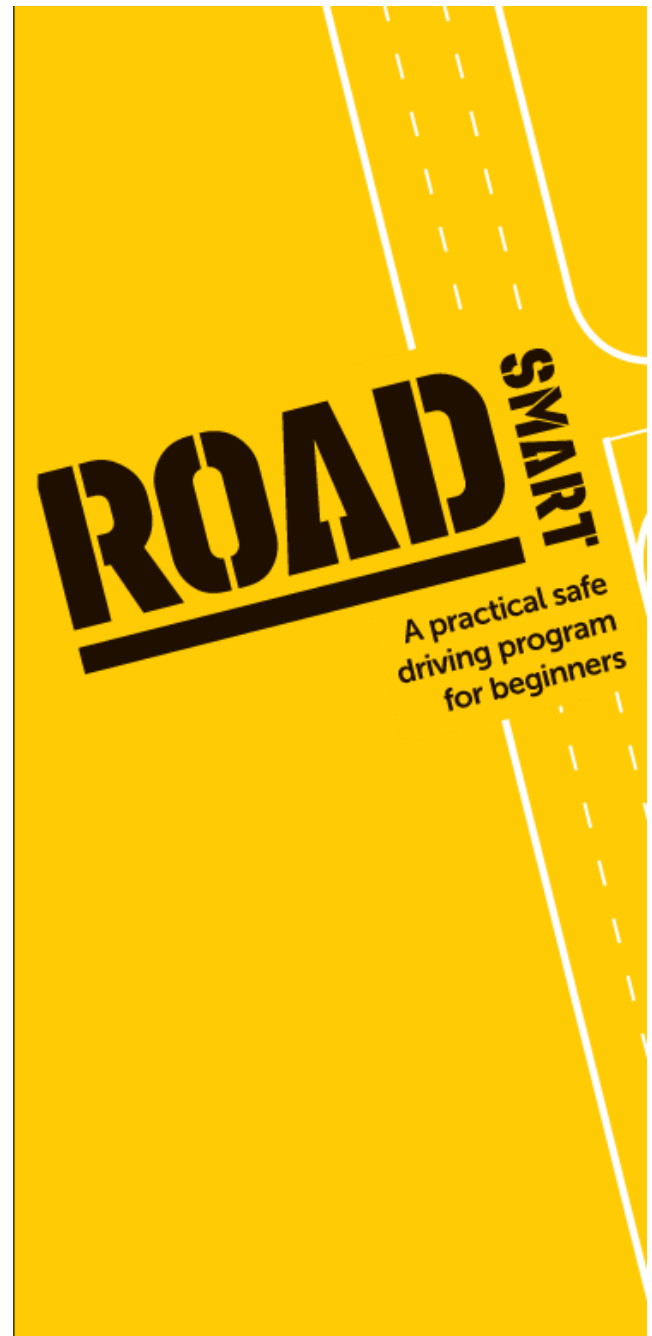

PARENT/CARER CONSENT

In order to complete the RoadSmart program, parents are asked to complete a simple online form at: www.vicroads.vic.gov.au/roadsmartconsent

CLASSES

The classes will run at the following times, with meeting links to come from your child's teacher. These sessions will replace the classes that your child would have normally been attending at this time.
