Student's individual programs for 2021 will be emailed to their student email account in the coming days. For students in Years 10 – 12 in 2021, we strongly encourage families to take up the early delivery option, so that students have access to their resources over the summer holiday period. The early delivery option is available for families of students studying in Years 10 – 12 in 2021 that place orders by 30 October 2020. There is an expectation that students in the senior year levels will read their English texts over the summer break in preparation for their English classes in 2021.

Please note for all commencing Year 7s that they will need to purchase both Indonesian and French Language texts.

For students studying a VCE Art class, entering Year 10 maths in 2021, or studying a VCE subject that utilises the Edrolo platform, there are separate platforms that their teachers will provide for the ordering of these resources.

If you have any questions, please do not hesitate to contact the College by phoning Coolock 5449 3466 or St Mary's on 5445 9100.

Yours sincerely
