

SRC reGEN Uniform Recycling Project

Help us keep old CCB uniforms out of landfill!

After this year, CCB uniforms will become redundant. They cannot be resold, passed to other families or reused in any of the usual ways. They are not welcome at Op Shops who have little hope of selling them.

As part of our commitment to reGEN and sustainability, the SRC is working with UPPAREL to recycle the old uniforms.

What does UPPAREL do with the uniforms?

- Textiles are sorted depended on the condition
- They can be shredded into fibre and repurposed
- Products include: insulation, dog beds, building materials

What do I do?

- Make sure the old uniforms are clean (doesn't matter if they are ripped or frayed)
- Drop your old uniforms into specially marked boxes at St Mary's (more collection points coming soon)
- Backpacks cannot be included
